Date: March 24, 2010

Walong Marketing, Inc. Expands Nationwide Voluntary Recall Flying Horse Sesame Chewy Candy Due to Undeclared Peanuts.

March 22, 2010 – Buena Park, CA – Walong Marketing, Inc. of Buena Park, California is expanding a voluntary recall of **Flying Horse Sesame Chewy Candy** due to undeclared peanuts to include **Flying Horse White Sesame Chewy Candy**. The recall was initiated on February 16, 2010 for **Flying Horse Black and White Sesame Chewy Candy**. People who have severe sensitivity to peanuts run the risk of serious or life threatening allergic reactions if they consume this product.

The following items affected by the recall were sold through retail stores nationwide:

Product Description	UPC Code	Packaging
Flying Horse Black and White Sesame Chewy Candy	67336748915	3.5 oz plastic bag
Flying Horse White Sesame Chewy Candy	673367487806	3.5 oz plastic bag

All "Best Before" dates between 08/2010 to 01/15/2011 that have not been relabeled with a white auxiliary ingredient label are affected by this recall.

Walong Marketing, Inc. initiated the recall after being notified by the FDA of a consumer complaint involving an allergic reaction related to the consumption of the Flying Horse Black and White Sesame Chewy Candy. Subsequent testing has found that the Flying Horse Black and White Sesame Chewy Candy product contain peanuts. Walong Marketing, Inc. has now been informed by the product manufacturer that the Flying Horse White Sesame Chewy Candy product also contains peanuts. No illness or allergic reactions have been reported to Walong Marketing, Inc. to date in connection with these products.

Consumers who have purchase the product prior to March 22, 2010 are urged to return it to the place of purchase for a full refund. Consumers with question may contact Walong Marketing, Inc. Monday thorough Friday, 9am to 5pm PST at 714-670-8899 ext. 137.

McCain Foods USA Announces Voluntary Recall of Frozen Potato Product Containing Black Pepper That May Pose Health Risk

March 19, 2010 - Lisle, IL – McCain Foods USA today announced a voluntary recall of the McCain All American Roaster frozen potato product listed below which contains a pepper ingredient that could be contaminated with Salmonella.

The recalled product contains black pepper which has been recalled by Mincing Overseas Spice Company because it has the potential to be contaminated with Salmonella.

Food contaminated with Salmonella may not look or smell spoiled. Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The recalled product was sold in grocery outlets throughout the United States.

Brand	Product Name	Size	UPC	Code Dates
McCain	McCain All American Roasters	24 ounce bag	10072714037334	W91125 Production date: November 25, 2009

No illnesses have been reported, or complaints received by McCain Foods USA, to date involving the recalled product. The recall is taken as a precautionary measure and is being made with the knowledge of the Food and Drug Administration.

Consumers are asked to destroy the product or return the unopened product where it was purchased if a refund is desired.

The recalled products contain black pepper distributed by Mincing Overseas Spice Company. The pepper has been recalled by Mincing because it has the potential to be contaminated with Salmonella.

Salmonella is a common food borne pathogen that can cause severe illnesses, including fever, abdominal cramps and diarrhea. While most individuals recover in three to five days without medical intervention, the infection can be life-threatening to young children, the elderly and those with compromised immune systems. Consumers with any of these symptoms should call their physician. For more information on Salmonella, please visit the Centers for Disease Control and Prevention's Web site at <http://www.cdc.gov>¹. For more information, please visit the Centers for Disease Control and Prevention's website at www.cdc.gov².
